

 **FIMAP®**

E-Spray is a professional gun sprayer that uses the principle of electrostatic induction to distribute disinfectant solutions effectively and uniformly on surfaces.

- Electrostatic
- Lightweight
- Comfortable
- Powered by a lithium battery
- Several hours hygienization on a single charge
- Extremely mobile
- 3 nozzle sizes for ideal application to suit your needs
- Comes complete with a carry case

The solution is sprayed in very small and light drops, which reach every point of the area to be treated and settle effectively. Through the electrostatic charge the drops are attracted by the targeted surface and while laying down, they create a sanitising coating

Commonly used in

Hotels

Airports

Retail

Education

Offices

Cinemas & Theatres

Gyms

Stadiums

Leisure & Wellness

Transport

Restaurants & Cafes

Public Areas

Comes as standard with

- Lithium battery (18V/2Ah)
- Batter charger (18V/2Ah)
- Nozzles Kit
- Shockproof kit box

Optional Accessories

Long range backpack with additional 2-litre tank

PN - 452636

Lithium battery (18V/4Ah) to increase runtime - Up to 8 hours

PN - 452637

Shoulder support strap to increase comfort

PN - 452991

Other useful part numbers

109823	Fimap E-Spray
452626	Standard 2Ah battery
452627	Battery charger
452633	40 Micron Nozzle
452634	60 Micron Nozzle
452635	80 Micron Nozzle

Technical Data

Productivity theoretical (up to sqm/h)	350
Solution tank	1
Nozzle Shape	Full cone
Nozzle size (micron)	40 / 60 / 80
Tank autonomy (min)	22 / 12 / 8
Solution Pump (W)	20
Power Supply - Standard (V)	18V 2000 mAh
Power Supply - Optional (V)	18V 4000 mAh
Battery run time - Standard (up to h)	4
Battery run time - Standard (up to h)	8
Dimensions L x H x W (mm)	417 x 280 x 90
Spray gun weight - empty without battery (kg)	1.3
Spray gun weight - empty without battery (kg)	1.7
Spray gun weight - empty without battery (kg)	2.7
